AFFIDAVIT OF

JENNIFER WILLIAMS

I, JENNIFER WILLIAMS, being first duly sworn according to law, hereby declare, under penalty of perjury, that I have full personal knowledge of the events and matters set forth herein, and that the following is true and accurate to the best of my knowledge:

1. I am over 18 years of age and competent to make the following representations.
2. I am a citizen of the State of Texas and have legal standing to assert my rights.
3. I am filing this Affidavit as Amicus Curiae in the above-captioned matter.
4. I am filing this Affidavit pursuant to ELEC §273.001 regarding criminal activity in the election of November 3, 2020.
5. The voting machines used in Parker County for the November 3, 2020 elections were not certified, as is required by Texas law (TX Election Code § 122.001, TX Admin Code § 81.60 (3) TX Admin Code § 81.60 (8) (B) and Texas Admin Code § 81.61.) TX Election Code § 122.01 prevents voting systems from being used in an election unless they met the VOTING SYSTEM STANDARDS contained within, one such requirement ensuring the system “operates safely, efficiently, accurately and complies with the voting system standards adopted by the Election Assistance Commission.”
6. SLI Compliance, has a three-year accreditation certificate on the EAC website from Jan 10, 2018 through Jan 10, 2021.
https://www.eac.gov/sites/default/files/voting_system_test_lab/files/SLI_Compliance_Certificate_of_Accreditation011018.pdf (Exhibit 1). Accreditation, per the EAC

Voting System Test Laboratory Program Manual 2 “is value for a period not to exceed two years.”

https://www.eac.gov/sites/default/files/voting_system_test_lab/files/SLI_Compliance_Certificate_of_Accreditation011018.pdf

10. The Hart InterCivic CEO testified before the House Administration Committee on January 9, 2020, that some tabulators have wireless modem capabilities (URL:

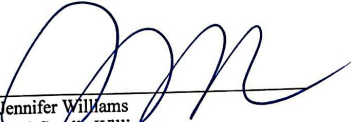

<https://www.c-span.org/video/?467976-1/2020-election-security>). TX Election Code § 129.054 (b) “A voting system may not have the capability of permitting wireless communication unless the system uses line-of-sight infrared technology that shields the transmitter and receiver from external infrared transmissions and the system can only accept transmissions generated by the system.”

11. The Parker County Elections Administrator recommended and the County Commissioners Court approved canvassing of the 2020 General Election on Nov 16, 2020 <https://www.parkercountytx.com/AgendaCenter/ViewFile/Agenda/11162020-578> . TX Election Code § 122.001 prevents voting systems from being used in an election unless they met the VOTING SYSTEM STANDARDS contained within, one such requirement ensuring the system “operates safely, efficiently, accurately and complies with the voting system standards adopted by the Election Assistance Commission”.

12. To the best of my knowledge, election machines currently being utilized in the State of Texas are not certified in accordance with Texas law (TX Election Code § 122.001, TX Admin Code § 81.60(3) TX Admin Code § 81.60 (8)(B) and Texas Admin Code § 81.61.) TX Election Code § 122.01 prevents voting systems from being used in an election unless they meet the voting system

standards contained within, one such requirement ensuring the system
“operates safely, efficiently, accurately and complies with the voting system
standards adopted by the Election Assistance Commission.”
