RE: IMMEDIATE ACTION REQUESTED

--- SENT VIA EMAIL: Pat.Deen@parkercountytx.com ---

Judge Pat Deen,

My name is Jennifer Edwards and I reside in Millsap, Texas. As Parker County Judge, please accept this written communication as my **formal request for an emergency Election Commission meeting to present findings from publicly sourced data of severe anomalies and potential federal and state violations of the 11/3/20 election in Parker County, Texas.**

The **urgency** of this matter is **crucial**. I believe you to take your responsibility as an Elected Official who swore an Oath of Office to uphold the United States Constitution and provide all citizens of Parker County, Texas, equal protection under the law as outlined in the 14th Amendment. The preservation of all items utilized to conduct the 11/3/20 election in Parker County, Texas, including but not limited to; ballots, envelopes, hardware, software, routers, etc. are protected under 52 USC 20701.

After meetings with many, I have chosen to proceed through the Parker County Election Commission. Please forgive my naivety, as a citizen of Parker County, Texas, however, many are willing to participate in county, state and federal government processes as a means of informing yourself, County Commissioners, County Election Commission members and all elected officials as a matter of public record. Please provide direction in the form of a response in writing, preferably by replying to this email. While I am eager to learn the most effective means of how to be heard by elected officials, I clearly am not well versed in the political process involved in addressing public officials who serve by the consent of the governed.

I appreciate your time in reading this request and I look forward to your prompt response to this communication.

Sincerely,

Jennifer Edwards

Millsap, Texas
